IT-170GRA1BS/IT-170GRA1TC

High Tg Halogen Free Epoxy Resin Laminate & Prepreg

IT-170GRA1 is a high Tg (175 by DSC) halogen free epoxy with high thermal reliability, low CTE and CAF resistance. It's suitable for industrial PCB and handheld applications that need halogen free. It can pass 260 °C Lead free assembly.

Key Features =====

Advanced Resin Technology

Industrial standard material with high Tg (175 °C by DSC), low CTE halogen free epoxy resin and excellent thermal reliability.

Excellent Thermal and CAF Resistance

Advanced halogen free resin system provides high Tg, low CTE and high thermal reliability. Excellent thermal reliability and CAF resistance providing long-term reliability for industrial boards and automobile application.

Lead-Free Assembly Compatible

RoHS compliant and low CTE and high Td(>375 °C), that's suitable for high thermal reliability needs, and Lead free assemblies with a maximum reflow temperature of 260 °C maximum.

Friendly Processing

Friendly to PCB process, that users can easily handle the process by current equipment and chemical like high Tg FR4.

Available in Variety of Constructions

Available in a various of constructions, copper weights and glass styles, including standard (HTE), RTF and VLP copper foil.

Applications

Servers and Networking

Telecommunications

Data Storage

Automobile

Heavy Copper Application

Smart Phone and Cell Phone

HDI and Multilayer PCB

Industrial Approval

UL 94 V-0

IPC-4101D / 130

RoHS Compliant

ITEQ Laminate/ Prepreg : IT-170GRA1TC/IT-170GRA1BS
